Develop good clinical practice with regards to your role as a dental practitioner. Discuss appropriate referral procedures

**We confirm that the activity has been quality assured by HEE and that it meets the GDC's educational criteria for verifiable ECPD. This record is full and accurate.**

## Course Learning outcomes

Analyse DF1 clinical practice with oral surgery techniques

Develop their oral surgery skills within their role as a dental practitioner

Review their surgical instruments within their practice environment.

## Reflection

Reflection is an important part of CPD and should form part of your personal development plan (PDP). Please use this page to reflect on what you have learnt, your experience and how it applies to your role. In particular consider:

1. What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
2. Did you identify any changes/updates needed in your daily work? If so please give details.
3. How will you make these changes and by when?
4. How can you demonstrate that you have implemented these changes as a result of the course?
5. If you didn't identify any changes needed, what did the activity confirm for you, that you may already know or be doing?
6. What was the benefit to your work and/or your patients in carrying out this activity?
7. Do you feel that the activity met the General Dental Council's ECPD development outcomes? If not, please explain why.
8. Any other comments, thoughts or feelings?

Demonstrate the principles of Flap design and Bone Removal

Demonstrate the principles of suturing

Identify appropriate surgical instrumentation

Develop good clinical practice with regards to your role as a dental practitioner. Discuss appropriate referral procedures  
[ Modified by: Kishan Mistry 05-11-2018 09:15pm ]

Bone removal - buccal guttering should be done with fissure bur to help with elevation

How to position the sutures more efficiently

How to effectively section

Scoring periosteum to increase its elasticity

More confidence in approaching surgicals

Better outcomes, more confidence

*It is important that you keep this certificate for your records - the General Dental Council (GDC) may request details of the courses you have attended. Please complete the reflection questions to comply with the GDC verifiable requirements.*
