

## Certificate of Attendance

**Delegate Name** Kishan Mistry

**GDC Number** 277250

### Course

**Course Title** DFT Whiston - FD Induction (NW180903FWHN)

**Course Date** 3 September 2018

**Course Venue** Whiston Education, Training & Conference Centre, Whiston

**Development Outcomes** B, C

**Verifiable CPD Hours** 6

**Certificate Issued By** HEE - North West

**Certificate ID** HEENW050751

### Course Aims

To welcome and introduce the Foundation Dentists to each other

To ensure FDs understand the structure and Functioning of DFT at both a HEE NW and local level

To ensure that FDs understand what is expected of them

### Course Objectives

To have generic information presented on DFT relating to HEE NW

To have information presented on DFT relating to the local scheme including details of the centre, ground rules and an overview of the study days and FD year

To have information presented on the e portfolio and what is required for satisfactory completion of the year

**We confirm that the activity has been quality assured by HEE and that it meets the GDC's educational criteria for verifiable ECPD. This record is full and accurate.**

## Course Learning outcomes

The Foundation Dentist will be able to demonstrate a clear understanding of the dental foundation programme and be able to meet all requirements to gain a satisfactory completion certification.

## Reflection

Reflection is an important part of CPD and should form part of your personal development plan (PDP). Please use this page to reflect on what you have learnt, your experience and how it applies to your role. In particular consider:

1. What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
2. Did you identify any changes/updates needed in your daily work? If so please give details.
3. How will you make these changes and by when?
4. How can you demonstrate that you have implemented these changes as a result of the course?
5. If you didn't identify any changes needed, what did the activity confirm for you, that you may already know or be doing?
6. What was the benefit to your work and/or your patients in carrying out this activity?
7. Do you feel that the activity met the General Dental Council's ECPD development outcomes? If not, please explain why.
8. Any other comments, thoughts or feelings?

It was a good opportunity to introduce all the DF's. The induction was useful to clarify what is expected of us as well as what is required regarding the eportfolio. The presentation on personality types was useful, especially as the dental team/patients comprises of such a wide ranging pool. I think by identifying how people are, personality-wise, it will allow me to interact with them more meaningfully.

With regards to patients, identifying personalities will also help patients feel more at ease during treatment. In conjunction with the lecture regarding reducing pre-cursors to complaints, it will help throughout our practicing career. Monitoring complaints could possibly be a measure of this.

Development outcomes have been met.

The session was fun and interactive.
