

Certificate of Attendance

Delegate Name Kishan Mistry

GDC Number 277250

Course

Course Title DFT Whiston - Advanced Restorations (NW181005FWHN)

Course Date 5 October 2018

Course Venue Whiston Education, Training & Conference Centre, Whiston

Development Outcomes B, D

Verifiable CPD Hours 6

Certificate Issued By HEE - North West

Certificate ID HEENW053556

Course Aims

To give an overview of some more complex restorative techniques

Course Objectives

To show delegates how to prepare inlay cavities together with impression techniques and temporisation

We confirm that the activity has been quality assured by HEE and that it meets the GDC's educational criteria for verifiable ECPD. This record is full and accurate.

Course Learning outcomes

By the end of the day delegates should be confident in providing inlays for patients

Reflection

Reflection is an important part of CPD and should form part of your personal development plan (PDP). Please use this page to reflect on what you have learnt, your experience and how it applies to your role. In particular consider:

1. What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
2. Did you identify any changes/updates needed in your daily work? If so please give details.
3. How will you make these changes and by when?
4. How can you demonstrate that you have implemented these changes as a result of the course?
5. If you didn't identify any changes needed, what did the activity confirm for you, that you may already know or be doing?
6. What was the benefit to your work and/or your patients in carrying out this activity?
7. Do you feel that the activity met the General Dental Council's ECPD development outcomes? If not, please explain why.
8. Any other comments, thoughts or feelings?

Rubber dam, LA, Onlay/Inlay prep, radiographs, bite reg, impressions for indirects

Magic Dam technique, adding wax on rims to effectively take bite regs, LA techniques, how to review radiographs,
[Modified by: Kishan Mistry 05-10-2018 06:02pm]

Effectively identify radiolucencies on radiographs

Train nurse in magic dam > time efficiency

Logical approach to looking at radiographs

[Modified by: Kishan Mistry 05-10-2018 06:02pm]

More confidence in rubber dam, LA, x ray interpretation. Creating better dentures and indirect rest's.
