

Certificate of Attendance

Delegate Name Kishan Mistry

GDC Number 277250

Course

Course Title DFT Whiston - Veneers (NW20190315FWHN)

Course Date 15 March 2019

Course Venue Whiston Education, Training & Conference Centre, Whiston

Development Outcomes C

Verifiable CPD Hours 6

Certificate Issued By HEE - North West

Certificate ID HEENW059905

Course Aims

To provide the clinical skills required to prepare anterior teeth for veneers

To understand the role of resin cements in the placement of veneer restorations

To update understanding of the current options/types of ceramics available

Course Objectives

Understanding of the current thinking on restoration of anterior teeth with Partial and Full veneers:

Preparation techniques

Bonding techniques

Alternative types of resin cements

Types of ceramics

Possible use of Composite Veneers

We confirm that the activity has been quality assured by HEE and that it meets the GDC's educational criteria for verifiable ECPD. This record is full and accurate.

Course Learning outcomes

As above

Understanding of current techniques and materials

Reflection

Reflection is an important part of CPD and should form part of your personal development plan (PDP). Please use this page to reflect on what you have learnt, your experience and how it applies to your role. In particular consider:

1. What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
2. Did you identify any changes/updates needed in your daily work? If so please give details.
3. How will you make these changes and by when?
4. How can you demonstrate that you have implemented these changes as a result of the course?
5. If you didn't identify any changes needed, what did the activity confirm for you, that you may already know or be doing?
6. What was the benefit to your work and/or your patients in carrying out this activity?
7. Do you feel that the activity met the General Dental Council's ECPD development outcomes? If not, please explain why.
8. Any other comments, thoughts or feelings?

To provide the clinical skills required to prepare anterior teeth for veneers

To understand the role of resin cements in the placement of veneer restorations

To update understanding of the current options/types of ceramics available

Understanding of the current thinking on restoration of anterior teeth with Partial and Full veneers:

Preparation techniques

Bonding techniques

Alternative types of resin cements

Types of ceramics

Possible use of Composite Veneers

More mindful of techniques during veneer prep and bonding

improve success on indirect restorations

It is important that you keep this certificate for your records - the General Dental Council (GDC) may request details of the courses you have attended. Please complete the reflection questions to comply with the GDC verifiable requirements.
