Course Objectives

The theory and practice of endodontic skills that you can use the following day in your clinic

We confirm that the activity has been quality assured by HEE and that it meets the GDC's educational criteria for verifiable ECPD. This record is full and accurate.

Course Learning outcomes

Update knowledge and try new materials and skills which you can use in your clinic

Reflection

Reflection is an important part of CPD and should form part of your personal development plan (PDP). Please use this page to reflect on what you have learnt, your experience and how it applies to your role. In particular consider:

1. What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
2. Did you identify any changes/updates needed in your daily work? If so please give details.
3. How will you make these changes and by when?
4. How can you demonstrate that you have implemented these changes as a result of the course?
5. If you didn't identify any changes needed, what did the activity confirm for you, that you may already know or be doing?
6. What was the benefit to your work and/or your patients in carrying out this activity?
7. Do you feel that the activity met the General Dental Council's ECPD development outcomes? If not, please explain why.
8. Any other comments, thoughts or feelings?

Endodontics

Aims

Hands on day with demonstrations and discussions

Objectives

The theory and practice of endodontic skills that you can use the following day in your clinic

Learning outcomes

Update knowledge and try new materials and skills which you can use in your clinic
