

Certificate of Attendance

Delegate Name Kishan Mistry

GDC Number 277250

Course

Course Title DFT Ain, Che, Liv, Whi - BDA Regional Day
(NW181109FACLVWHN)

Course Date 9 November 2018

Course Venue Inglewood Manor, Ellesmere Port

Development Outcomes A, B, C, D

Verifiable CPD Hours 7

Certificate Issued By HEE - North West

Certificate ID HEENW054955

Course Aims

- To recognise common oromucosal conditions, to initiate patient management and advice, and be able to refer appropriately
- To increase understanding of the nature and functions of the oral microbiome and its influence on human health and disease
- To understand the implications of the HMRC investigation into associate employment status.

Course Objectives

- To understand the oral microbiome and the interactions between the microbiome and the healthy host and to understand the principle of dysbiotic and dysbiotic diseases
- Understand the important of a written agreement and how the use of the agreement between the parties could be used to establish employment status
- To learn about recent developments in publishing in the internet age and how to get published in the BDJ portfolio and elsewhere
- To understand support available from BDA to members on issues affecting dentistry, including in relation to performer list, pension and NHS contracts, plus resolution of disputes.

We confirm that the activity has been quality assured by HEE and that it meets the GDC's educational criteria for verifiable ECPD. This record is full and accurate.

Course Learning outcomes

- To be able to recognise common oromucosal conditions.
- To be able to initiate patient management and advice.
- To be able to refer appropriately.
- Delegates will be more aware of legal issues that affect dentists and how to deal with them

Reflection

Reflection is an important part of CPD and should form part of your personal development plan (PDP). Please use this page to reflect on what you have learnt, your experience and how it applies to your role. In particular consider:

1. What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
2. Did you identify any changes/updates needed in your daily work? If so please give details.
3. How will you make these changes and by when?
4. How can you demonstrate that you have implemented these changes as a result of the course?
5. If you didn't identify any changes needed, what did the activity confirm for you, that you may already know or be doing?
6. What was the benefit to your work and/or your patients in carrying out this activity?
7. Do you feel that the activity met the General Dental Council's ECPD development outcomes? If not, please explain why.
8. Any other comments, thoughts or feelings?

- To be able to recognise common oromucosal conditions.
- To be able to initiate patient management and advice.
- To be able to refer appropriately.
- Delegates will be more aware of legal issues that affect dentists and how to deal with them

Recognising oral conditions, when to refer.

More confidence in treatment and recognising suspicious lesions for referral
